1.2 Main Developments of the Committee during the Current Period

The Committee held its sixteenth, seventeenth, and eighteenth meetings on 31 March, 11 June, and 1 October 1999 (G/TBT/M/15-17) respectively. At those meetings, the Committee heard statements on the implementation and administration of the Agreement, technical assistance and observer status. A number of Members informed the Committee of measures taken to ensure the implementation and administration of the Agreement. Several measures were brought to the attention of the Committee by Members who raised concerns about the potential adverse trade effects or inconsistency with the Agreement of those measures. The Committee also held discussions concerning trade facilitation.

At its meeting in March, the Committee carried out its Fourth Annual Review of the Implementation and Operation of the Agreement under Article 15.3 (G/TBT/7) and the Code of Good Practice for the Preparation, Adoption and Application of Standards, Annex 3 of the Agreement (WTO TBT Standards Code Directory - fourth addition, G/TBT/CS/1/Add.3 and G/TBT/CS/2/Rev.5). It agreed to grant observer status to the United Nations Industrial Development Organization (UNIDO) on an ad hoc basis. It adopted a number of decisions and recommendations to speed up the procedures for notifications and information exchange through means of electronic dissemination (G/TBT/1/Rev.6). In relation to that, a Survey was carried out by the Secretariat on the electronic facilities available in national enquiry points (G/TBT/W/105 and Suppl.1-2).

At its meetings in 1999, the Committee continued its work programme arising from the First Triennial Review of the Operation and Implementation of the Agreement under Article 15.4 (G/TBT/5). Discussions were held on the following elements: (i) implementation and administration of the Agreement; (ii) operation and implementation of the notification procedures; (iii) acceptance, implementation and operation of the Code of Good Practice for the Preparation, Adoption and

Application of Standards; (iv) international standards, guides and recommendations; (v) preparation, adoption and application of technical regulations; (vi) conformity assessment procedures; (vii) technical assistance; (viii) special and differential treatment; and (ix) other elements. Further papers and proposals were prepared by delegations and the Secretariat (G/TBT/W/75/Rev.1, G/TBT/W/87/Rev.1, G/TBT/W/103, 106, 110, 111, 112 and Rev.1, G/TBT/W/113, 117, 118, 121 and Corr.1 and G/TBTW/124).

A WTO Symposium on Conformity Assessment Procedures was held on 8-9 June to deepen Members' understanding on the following issues concerning conformity assessment procedures: (i) relevant international guides and recommendations for conformity assessment; (ii) types of conformity assessment procedures and the conditions for their application; (iii) various approaches for the recognition of the results of conformity assessment procedures; and (iv) the role of international and regional systems for conformity assessment. Experts from business, testing laboratory, inspection, certification, accreditation, metrology, and standardizing bodies, as well as regional and international systems were invited as speakers and panelists. Factual non-binding summary reports of the Symposium and its Sessions were prepared by the Chairman and the rapporteurs under their own responsibilities.

At its meeting in October, the Committee adopted its Report (1999) to the Council for Trade in Goods (G/L/327).

3.1.2 Observation of the Recommended Comment Period by Members in the current year¹⁴

The Committee has recommended 60 days as a minimum length of time to be allowed for the presentation of comments from other Members (G/TBT/1/Rev.6). In 1999, Members allowed an average of 46.5 calendar days for comments. Ninety-eight notifications did not specify a comment period, stated as non-applicable or had a lapsed comment period. The table on the following pages gives the relevant data on the observation of the recommended comment period by each Member in 1999.

¹³The following classification of objectives and rationales is based on the criteria laid down in document G/TBT/W/18.

¹⁴Calculated on the basis that the date of issue of the notification (in English) by the WTO Secretariat is the first day.
