

From Ministry of Science, Industry and Technology:

COMMUNIQUE ON

TS EN ISO 2398 “RUBBER HOSES, TEXTILE-REINFORCED, FOR COMPRESSED AIR -- SPECIFICATION”

(COMMUNIQUE NO: MSG-MS-2017/)

Purpose

Article 1- (1) The purpose of this communiqué, is to identify issues related to the implementation of TS EN ISO 2398 (April 2015) standard.

Scope of the standard

Article 2- (1) This standart depending on the type and category specifies the requirements for three types, three classes and two categories of textile-reinforced rubber hose for compressed air, up to a maximum working pressure of 25 bar with an operating-temperature range of -40 °C to +70 °C.

Legal Basis

Article 3- (1) This Communiqué; has been drawn up based on the Decree Law No. 635 on Organisation and Duties of the Ministry of Science, Industry and Technology dated 3/6/2011; Law No. 1705 on the Prevention of Adulteration in Trade and Supervision and Protection of Exports dated 10/6/1930; Law No. 132 establishing Turkish Standards Institution dated 18/11/1960, Regulation on Mutual Recognition in Non-regulated Areas that was put into force with the Decision No. 2012/3169 of the Council of Ministers dated 2/5/2012.

Putting into Effect

Article 4- (1) TS 745 EN ISO 2398 “Rubber Hoses, Textile-Reinforced, For Compressed Air - Specification” has been abrogated. Instead, TS EN ISO 2398 (April 2015) “Rubber Hoses, Textile-Reinforced, For Compressed Air - Specification” that was adopted and decided to be published in the meeting of Technical Board of Turkish Standards Institution (TSE) dated 02/04/2015 has been put into effect as mandatory in manufacturing and placing on the market phases.

Compliance obligation

Article 5- (1) Those who produce and place products on the market within the scope of TS EN ISO 2398 (April 2015) Standard shall be obliged to comply with the provisions of this Communiqué.

Mutual Recognition Clause

Article 6- (1) The provisions of this Communiqué on TS EN ISO 2398 (April 2015) “Rubber Hoses, Textile-Reinforced, For Compressed Air -Specification”standard shall not apply to the products which were legally produced or put into free circulation in a member state of the European Union.

(2) Nonetheless, the Ministry of Science, Industry and Technology may submit the product to an evaluation following the rules and procedures laid down in Chapter Three of Regulation on Mutual Recognition in Non-Harmonised Area and as a result of this evaluation if

it finds out that this product does not provide a level of protection equivalent to that sought by this Communiqué on TS EN ISO 2398 (April 2015) “Rubber Hoses, Textile-Reinforced, For Compressed Air - Specification”. It may prohibit placing on the market of the product, make its placing on the market subject to prior conditions or have the product withdrawn or recalled from the market.

Provision

Article 7- (1) TS EN ISO 2398 (April 2015) Standard shall be obtained from the central organization or provincial representative offices of TSE. Contact information can be accessed from the website of the TSE.

Repeal

Article 8- (1) TS 745 EN ISO 2398 standard in Communiqué No: MS.98/120-121 that was published in the Official Gazette No: 23573 and dated 04/01/1999 has been repealed

Entry Into Force

Article 9- (1) This Communiqué shall enter into force three months after its publication.

Enforcement

Article 10- (1) The provisions of this Communiqué shall be enforced by The Ministry of Science, Industry and Technology.
